Letter from Clerk Lori M. Tyack

Welcome to the Ninety-Sixth Annual Report of the Franklin County Municipal Court and Clerk's Office. As Clerk, my commitment is to create and implement new efficiencies; continue to find new ways to improve operations; and to cultivate cooperation with other Government agencies and the community. In 2011 the Clerk's Office created an extensive career track development program for thirty-nine (39) Leadership Team members. This program focused on business training and personal growth.

The Information Services Division (OIS) completed a number of new initiatives in 2011. Online services through the CASE Network Website were expanded to provide additional information through password protected access to local attorneys and background companies as well as Federal, State and Local agencies. Every floor of the Municipal Court Building (375 S. High Street) has now been wired for Wi-Fi access. A mirrored image of our entire database has been uploaded into the Ohio Courts Network at the Ohio Supreme Court.

The Clerk's Office strives to follow "Green Initiatives" as outlined by the Franklin County Commissioners and the City of Columbus. Some examples include:

- Our on-line Electronic Payment system reduces the use of paper.
- New Daily Recycling Program saved the equivalent of 681 trees.
- Reduction of carbon footprint using technology.
- Other recycling measures include purchasing recycled paper for copies, file folders and refurbished toner cartridges for printers.

In August 2011, Franklin County launched its first Safe Surrender Program. This Program offered an opportunity for defendants who had outstanding warrants on non-violent misdemeanors and traffic tickets to turn themselves in for favorable consideration by the Court to clear their cases and reinstate their Driver's Licenses. More than 2,000 citizens with active warrants turned themselves in and 2,466 warrants were set aside during this two and one-half day period. This Program further unburdened our justice system by reducing the backlog of cases with active warrants. The Program's success is a result of government agencies and community leaders working together to create a safer environment for everyone.

The Clerk's Office submits Strategic Priorities annually to the City of Columbus and to the Franklin County Commissioners. The objective of these Strategic Priorities is to save valuable taxpayer dollars and better utilize staff resources. The Strategic Priorities for 2011 include:

- A Web-based Garnishment Management System
- Day Forward Imaging
- Expansion of Time-Payment Program
- E-filing for Civil Cases
- Expansion of E-Ticket Program
- Partner with the Ohio Courts Network (OCN)
- Password protected Website Access

It is the Mission of the Franklin County Municipal Court Clerk's Office to accurately maintain, safeguard and store all Court documents as well as collect and disburse all monies as directed by legal mandates. As the Clerk's Office continues to move forward through the creation of new efficiencies, I am constantly mindful that we must work together to conserve essential resources for future generations.

Lori M. Tyack, Clerk
Franklin County Municipal Court

OFFICE OF THE CLERK OF COURT

The Clerk's Office is entrusted with the responsibility of processing and archiving all Court records in accordance with file retention requirements established by the Supreme Court of Ohio. Additionally, the Clerk's Office calculates and fully details all financial transactions involving the Court. The Clerk's Office compiles and publishes an *Annual Report* each year that details the various categories of Court case filings and all financial transactions connected with all Court cases and statistically reports all relevant data regarding the same.

Lori M. Tyack, Clerk

MISSION STATEMENT

The Mission of the Franklin County Municipal Court Clerk of Court's Office is to accurately maintain, safeguard and store all Court documents as well as collect and disburse all monies as directed by legal mandates. This will be accomplished through a knowledgeable and diverse staff that will strive to serve all who use this office through competent customer service, communications and community outreach.

FRANKLIN COUNTY MUNICIPAL COURT

The Franklin County Municipal Court has jurisdiction over traffic citations, criminal misdemeanor charges and civil case filings regarding disputes that range up to an amount of fifteen thousand dollars (\$15,000.00), as well as actions regarding building, health, housing or safety codes.

The Franklin County Municipal Court has county-wide jurisdiction and is divided into two (2) Divisions. The General Division is served by fourteen (14) Municipal Judges and the Environmental Division is served by one (1) Municipal Judge. Six (6) Magistrates also serve the Franklin County Municipal Court. Judges serve for a term of six (6) years.

- Collected food for The Mid Ohio Food Bank.
- Facilitated a Red Cross Blood Drive.
- Provided career path tours for local high school students.
- Awarded Internships to local college students.

Office of Information Services

The Office of Information Services (OIS) provides technical support and services to the Franklin County Municipal Court and Clerk's Office. OIS is responsible for the operations of information systems including database and related technology infrastructure. Accomplishments for OIS in 2011 are as follows:

- Uploaded a copy of entire database into the Ohio Courts Network (OCN) providing daily updates.
- Enhanced the "Court Access & Search Engine" CASE Network Website.
- Municipal Court Building Wi-Fi access
- Software Upgrades
- Windows 7
- OnBase
- Help Desk tickets in 2011: 5343
- Deployed 155 new PC's.
- Electronic Services (E-Pay & E-Certified)
- Franklin County Safe Surrender Program
- Added extra PC's for Prosecutors and Public Defenders in Arraignment Court (4C).

Accomplishments for Imaging in 2011 are as follows:

- Inventoried over 3,800 boxes.
- Imaged 1213 boxes of files.
- Saved approximately 129 trees.

Quality Control Division

The Quality Control Division is responsible for minimizing erroneous data through a system of real-time process monitoring, audit reporting and Total Quality Management Strategies. Through business process improvement and change control programs, the Quality Control team has elevated efforts toward reengineering business processes and is better positioned to identify and leverage new technologies. As a result, the Quality Control Division has been able to improve the services that the Franklin County Municipal Court Clerk's Office provides to both its internal and external customers while saving taxpayer dollars through helping to make the office more efficient. The following are a few of the proactive measures taken to ensure a high level of quality and to identify opportunities for improvement.

In 2011, the Quality Control Division developed a web-based Quality Incident Reporting (QIR) system. This system is available to anyone with access to the Franklin County Municipal Court Intranet Portal. Individuals can use a help ticket system to submit errors that they find in cases or processes in the office. The tickets are then assigned to the appropriate person within the Quality Control Division. The individual responsible for the ticket will then take the appropriate action and report to the individual who submitted the ticket the action taken. This has allowed the Quality Control Division to more quickly address problems and challenges with cases and internal processes.

In addition, the Quality Control Division instituted a quarterly audit pattern for open and closed cases, receipts, disbursements, reliability and integrity testing, customer satisfaction, and payroll audits throughout the office during 2011. Modeled after annual audit procedures and CourTools from the National Center for State courts, these monthly reports provide management with a regular insight into the processes of the office that regular error reports cannot provide. Management has been able to use these quarterly audits to improve processes and decrease errors throughout the Franklin County Municipal Court Clerk's office.

The Quality Control Division has also established monthly meetings with division management to ensure open dialogue regarding Quality Control issues. This dialogue allows the Quality Control Division and management teams to work together to improve the services provided to both our internal and external customers. In addition the Quality Control Division and management teams have been able to work together to institute changes in processes and procedures that benefit the office and take into account the needs of both the Quality Control Division and management within the divisions.

Collection Division

The Collection Division oversees and coordinates the collection of debts owed to the Court, with the primary objective of seeking monies due to the City of Columbus taxpayers. The Collection Division operated in conjunction with four (4) outside agencies in 2011. Additionally, the Collection Division is responsible for securing Surety Bond agent registration, monitoring compliance of State and Local Statutes and processing monthly billing statements. Accomplishments for Collections in 2011 are as follows:

- Collected over \$982,000.
- Generated past due notices in-house on payable tickets.
- Collected outstanding funds due on Bond Forfeiture Judgments.
 - \$62,502.00 forfeited by the Court
 - \$17,683.75 paid
- Managed billings and compliance for:
 - 21 Bond Companies; and
 - 130 Surety Agents
- Per the Court's direction, discontinued sending payable tickets/cases to collections.

Criminal/Traffic Division

The Criminal Traffic Division processes and maintains Criminal, Traffic, and Environmental cases. The Criminal/Traffic Division provides a multitude of services to the general public, law enforcement and the Court. This Division plays an integral role in the promotion of public safety by providing support twenty-four (24) hours per day to law enforcement agencies throughout the County. Twenty-four (24) hour support is necessary for the filing and processing of Criminal complaints as well as the verification of active warrants. The Criminal/Traffic Division is also responsible for collection and disbursement of bail/bond monies for defendants who are in custody. This process includes providing documentation to the Franklin County Sheriff's Office so that defendants may be released from custody. The Criminal/Traffic Division is responsible for electronically reporting several types of violations to the Ohio Bureau of Motor Vehicles (BMV). Daily, the Criminal/Traffic Division provides numerous services to assist the public, law enforcement, court personnel, and the legal community. Some of these services include collecting payment for court fines or for posting bond. The division also processes applications for the Expungement of records and maintains and secures records ordered expunged. Other examples of service include administering oaths, accepting criminal and traffic charges, filing motions, filing search warrants, providing information about court cases, dispositions, future court dates, as well as assisting in the courtroom. Accomplishments for Criminal/Traffic in 2011 are as follows:

- Extended Hours to accept payments (8:00 a.m. to Midnight).
- Adjusted Probation Fees due to legislative changes (effective July 1, 2011).
- Participated in undercover operations with Columbus Division of Police.
- Added Disposition window to better assist the public with public record requests.
- Expanded Daily Operations to include new police agency at Otterbein College.
- FSS- Staff the hotline, organized flow of program, and maintained control of defendants.
- Coordinated with the Columbus City Attorney's Office to update cases (from 1990) for summons not served.
- Bond Forfeitures were extended from 30 days to 60 days (effective September 27, 2011).
- Followed Court's directives for handling Warrants of Pardons issued by Governor.
- Created Individual Development Plan for staff.
- Wants and Warrants – Participated in discussion with CPD regarding upgrades.

COURT SERVICES GROUP

The Courtroom Service Group (CSG) is a select group of highly skilled Deputy Clerks in the Criminal/Traffic Division responsible for the daily processing and updating of all cases on the Criminal/Traffic dockets. A CSG Deputy Clerk is assigned to each of the fifteen Judges as well as the Arraignment courtrooms (4C, 4D, 1A, 1B, 15C). On a daily basis, CSG Deputy Clerks docket subpoenas and motions, process unpaid fines and costs, enter sentencing information, issue warrants, process continuances, enter limited driving privileges (LDP), add Temporary Protections Orders, update bond information, and update all entries on CourtView. Additionally, CSG Deputy Clerks are responsible for routing files to the Assignment Office, Probation Department, Accounting/Finance Department, Expungement Department, Prosecutor's Office, and to the Vehicle Immobilization Coordinator. The Group also time stamps, docket, pulls and routes Statement of Violations filed by the Probation Department. CSG also staffs LDP Court held on Mondays at 1:30 pm. In addition, CSG Deputy Clerks run and process case management reports. Each CSG member acts as a liaison between the Court personnel and the Clerk's Office. CSG Deputy Clerks are the neutral party in the courtroom there to assist, and provide information, to everyone. After Court, CSG members assist with the public and attorney counters, answering telephones, working in the file room, and/or helping the Traffic Violations Bureau. Accomplishments for Courtroom Services Group in 2011 are as follows:

- Increased the number of training classes attended and developed in-house.
- Developed a Pilot Program that evolved into standard operating procedure to help meet the needs of the Probation Intake Department.
- Restructured the daily schedule to assign one courtroom clerk per afternoon to the Criminal/Traffic staff level.
- Participated in the Franklin County Safe Surrender program ensuring all files were updated and processed by the close of each session.
- Participated in the Annual United Way Volley Ball Tournament.
- Participated in a charity fundraiser for Cystic Fibrosis.
- Helped develop a program with the Specialty Court Dockets to provide information to those defendants with BMV concerns.

Traffic Violations Bureau

The Traffic Violations Bureau manages all complaints issued by the following jurisdictions within Franklin County: Columbus Division of Police, Ohio State Highway Patrol, Franklin County Sheriff, Ohio State University Police, Port Columbus Police, Eight Townships, and other Municipal law enforcement agencies. The Communications Department is an integral part of the Traffic Violations Bureau. The function of the Communications Department is to further promote ongoing communications and the delivery of excellent public service to the general public, law enforcement agencies, attorneys, court personnel, other courts and governmental agencies. The responsibilities of The Traffic Violations Bureau and Communications Department include the following:

- Initiating payable and mandatory offenses for traffic, criminal, and environmental cases.
- Sending out notices and summonses for new court dates on traffic, criminal and environmental cases.
- Housing payable traffic cases with future court dates and cases 30 days after the original court date.
- Preparing cases to be processed for the Court's signature.
- Opening, logging and processing mail for all divisions.
- Processing payments to ensure accuracy prior to being receipted.
- Referring cases to Magistrates and Judges for payment determinations.
- Sending out letters for invalid car insurance and payments for traffic, criminal and environmental cases.
- Processing cases transferred from Mayor's Courts.
- Assisting the public, employers, City, County and State Agencies by providing case dispositions pertaining to public record requests.
- Preparing the daily traffic court docket sheets.
- Entering Identification Tracking Numbers (ITN's) into CourtView.
- Accomplishments for Traffic Violations Bureau in 2011 are as follows:
 - Cross-trained staff to improve efficiency.
 - Held weekly staff meetings.
 - Maintained effective communication with Police Agencies, Prosecutors, Mayor Court Clerks and Courtroom Clerks.
 - Attended continuing education classes.

Accounting/Finance Division

The Accounting/Finance Division oversees the collection of and accounting for all fines, court costs, fees, bail, garnishments, and judgments issued by the Court. The Division oversees the disbursement of collected funds to the appropriate parties, and releases funds in satisfactions, judgments, attachments, garnishments, and executions. The Accounting Division also has three internal payment programs in compliance with the Ohio Revised Code and Local Court Rules. The programs are as follows:

Time Payment Program

This program under authorization by the sentencing Judge allows a defendant to make monthly payments on court fines and costs up to twelve months or until balance is paid in full.

Rent Escrow Program

This program allows tenants with complaints regarding their residential housing conditions to deposit rent due into an escrow account until the matter has been resolved. Cases filed in 2011: 284

Trusteeship Program

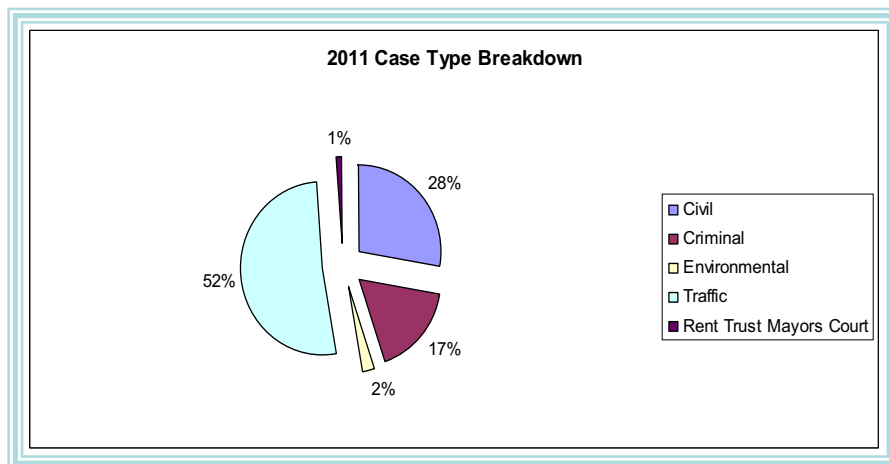

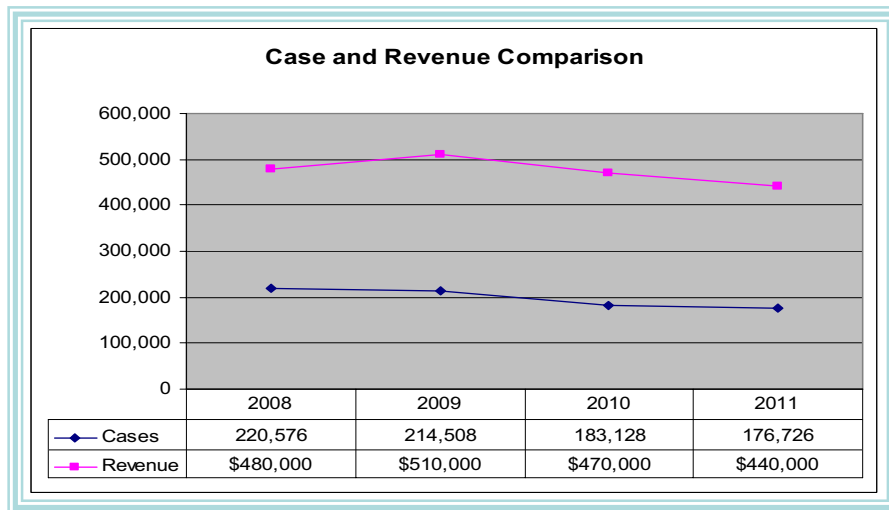

This program allows a debtor to deposit a portion of the personal earnings with the Clerk of Courts to avoid legal proceedings by creditors. The funds collected are disbursed to creditors equally until all debt is paid in full. Cases filed in 2011: 110

The Accounting/Finance Division is responsible for preparing a monthly general accounting for all funds received and disbursed by the Clerk's Office. These records are audited annually by a licensed certified public accounting firm and approved by the State Auditor's Office.

Accomplishments for Accounting/Finance in 2011 are as follows:

- Integrated a new Assistant Manager Position.
- Evaluated and maintained staff positions and performance levels to ensure checks and balances.
- Trained all Cashiers to set up Time Payments for Defendants.
- Converted deposit verification to Excel Worksheets.
- Cross-trained staff to provide backup to all Controller positions.
- Maintained E-Pay services for 39,467 cases and collected approximately \$7M.
- Provided public with BMV Limited Driving Privilege requirements.
- Improved Garnishment process.
- Developed New Employee Packet, Completed Positions Manual Project., Reduced Cashier over/short issues, and Cleared all outstanding bank account adjustments.

March 12, 2012

Columbus City Council
Columbus City Clerk
Franklin County Municipal Court Clerk
Board of Commissioners of Franklin County
Citizens of Franklin County

Ladies and Gentlemen:

In accordance with section 1901.14 of the Ohio Revised Code, it is my pleasure to provide you with the 2011 Annual Report of the Franklin County Municipal Court.

From all indications, the Franklin County Municipal Court remains the largest and busiest municipal court in Ohio. We continually strive to improve our services to every citizen who appears in this Court and to be wise and efficient stewards of taxpayer resources. We appreciate the financial support that we receive in these difficult economic times and hope that this continued support is a reflection of your trust in the way we conduct our operations and expend taxpayer dollars.

In 2011 we successfully conducted the first-ever Safe Surrender program, which enabled hundreds of citizens to resolve outstanding traffic and criminal charges. We are especially proud of the continuing success of our Work Release, Foreclosure Mediation, and Eviction Resolution programs. Our specialty dockets – drug court, mental health, and solicitation – will soon be joined by a new docket designed specifically to serve the needs of our military veterans. Our success is a direct result of the sustained, enthusiastic support given to the Court in general and to these programs in particular. For that support, we are indebted to the Mayor, City Council, County Commissioners, and all others who have contributed to our efforts.

Please feel free to contact me at 645-8295 if you have any questions or would like any additional information.

Yours truly,

/s/ James E. Green

2011 ANNUAL REPORT

The Franklin County Municipal Court traces its origin to the creation of the Columbus Municipal Court in 1916. Now, the geographic jurisdiction of the Court is all of Franklin County and those portions of the City of Columbus that extend beyond the boundaries of Franklin County. The Court has 14 judges in the General Division and one judge in the Environmental Division. Judges serve six-year terms, unless appointed or elected to fill a vacancy. Annually, they elect one of their peers to serve as the Administrative and Presiding Judge.

The judges who served the Franklin County Municipal Court during the year 2011 were Judge Paul M. Herbert, who served as Administrative and Presiding Judge, and Judges Anne Taylor, W. Dwayne Maynard, James E. Green, Scott D. VanDerKarr, H. William Pollitt, Jr., Michael T. Brandt, Harland H. Hale, Ted Barrows, Carrie E. Glaeden, Amy Salerno, Andrea C. Peeples, David B. Tyack, Mark A. Hummer, Eric Brown, and James P. O'Grady.

Judges preside over civil, criminal, and traffic cases and conduct both jury and non-jury or court trials. In jury trials, judges interpret the law and the jury determines the facts. Court trials are the most common trials in this Court. In these trials, judges have the dual role of interpreting the law and determining the facts. The judges also conduct criminal arraignments and preliminary hearings on felony cases; set bond on criminal charges; issue search warrants; and impose sentence when a defendant is found guilty of a traffic or criminal charge. The judges hear civil cases with an amount in controversy of \$15,000 or less, and cases that are transferred from the Small Claims Division to the General Division of the Court. Other civil disputes resolved in this Court included evictions, rent escrow proceedings, and proceedings to aid in the collection of judgments.

The Environmental Division has exclusive jurisdiction to enforce local codes and regulations affecting real property, such as fire and building codes. The Environmental Division has injunctive powers, and there is no monetary limit on those cases that fall within the Division's exclusive jurisdiction.

Each week a different judge is assigned to the Duty Session to handle a variety of responsibilities, such as applications from law enforcement officers for search warrants, probable cause hearings, and civil wedding ceremonies.

MAGISTRATES

The Court employs an Administrative Magistrate, five full-time magistrates and one part-time magistrate who preside over traffic arraignments, landlord-tenant actions, wage garnishments, small claims cases, and other civil matters. Judges may refer a specific case to a magistrate to take testimony, make legal rulings, and render a decision that is subject to final approval by the judge. Magistrates have the authority in misdemeanor cases to accept guilty and no contest pleas. If the parties agree, they may also hear contested criminal cases and preside over civil cases heard by a jury. Consent is not required from either party for a magistrate to hear a minor misdemeanor criminal case.

BAILIFFS

Bailiffs coordinate activities in the courtrooms, schedule cases, provide docket management, provide information to the public about the status of cases, and act as liaisons between their assigned judge or magistrate and attorneys, court personnel, and the general public. Each judge has an assigned courtroom bailiff, there is an unassigned or "floater" bailiff who rotates among the judges when a judge's bailiff is absent, and there is a Duty Room Bailiff. Each magistrate also has a bailiff.

COURT ADMINISTRATION

Court Administration oversees the administrative and operational functions of the Court. It carries out the non-judicial policies of the Court. In addition to providing overall support and direction to the Court's nearly 200 employees, some of its specific functions include personnel management, budgeting and fiscal management, purchasing, liaison with other courts and agencies, public information, appointment of counsel, court investigation, court security, interpreter services, vehicle immobilization, and volunteer services. The Court Administrator, Keith Bartlett, is the chief non-judicial officer.

The Court's General Fund Operating budget for 2011 was \$14,814,101 with an additional \$1,824,418 Secure Facilities Fund budget and \$717,065 Computer Fund budget.

General Fund Operating Budget 2011

Personal services	\$13,798,722
Materials and supplies	28,600
Services	968,779
Other expenditures	18,000
Total General Fund Expenditures	\$14,814,101

Court Investigation

Court Investigation is a two-person unit that helps defendants resolve matters such as extensions of time to pay fines and court costs; delaying the start of court-ordered incarceration; issuance of or change in limited driving privileges; withdrawal of warrant or order-in that has been issued; assistance with impounded vehicle; assistance with Bureau of Motor Vehicle problems; and continuance of a court date. In 2011, Court Investigation assisted approximately 15,218 individuals – 10,463 in-office interviews; 2,092 telephone interviews; and 1,853 other requests for information and assistance.

Court Security Program

The Court Security Program was established to maintain a safe environment in the courthouse for elected officials, Court employees, and all others having business in the courthouse. The staff consists of a Security Director, Security Supervisor, Administrative Assistant, control room operator, and 14 security officers on the first shift, plus a control room operator on the second and third shifts. In addition, the Court contracts with a private security company that provides evening, weekend, and holiday coverage.

Interpreter Services

During 2011, the Court employed two full-time Spanish language interpreters and contracted for one part-time Somali language interpreter. Together they completed an estimated 11,380 requests for service. As well, there were 420 requests for 34 other languages. The Court has multiple contracts with outside vendors to provide foreign language and ASL interpreters. The top foreign languages for which interpreters were requested were Spanish, Somali, Arabic, French, Amharic and Russian. Also, the Court filled 149 requests for American Sign Language interpreters.

Vehicle Immobilization Program

State law mandates the immobilization or forfeiture of vehicles operated by defendants who are convicted of the following offenses: repeat OVI offenses (operating a vehicle while under the influence of alcohol or drugs); driving under certain court or BMV-issued suspensions; Financial Responsibility/Accountability (FRA) suspensions; and wrongful use of a vehicle. A steering wheel locking device is used to immobilize vehicles. In 2011, the Court processed 7,149 driving under suspension cases and 6,729 OVI cases. The program's two employees provide the communication from and to the courts, law enforcement and defendants to ensure compliance with the court's orders involving the defendant's vehicle.

ASSIGNMENT OFFICE

The Assignment Office is responsible for randomly assigning cases to the judges. Criminal and traffic cases are assigned when a not guilty plea has been entered. Civil cases are assigned after an answer or motion is filed. The

Court employs a single assignment system. This means that when a person is charged with a criminal or traffic offense and already has a pending criminal or traffic case, or the person is on probation to this Court, the new charges will be assigned to the judge who presided in the previous case. Once a case is assigned to a judge, the Assignment Office is responsible for the management of the case as it proceeds through the system. In 2011, the eight Assignment Coordinators scheduled 93,843 judicial proceedings. In addition, the Assignment Office is responsible for completing the monthly judges' reports for the Ohio Supreme Court and for obtaining visiting judges when needed.

COURT REPORTERS

Court reporters make a verbatim record of court proceedings, prepare a transcript from the record of court proceedings upon request, and maintain records of exhibits introduced at court proceedings. The Court has an obligation to provide a transcript of all proceedings upon request of a party, and there must be a court record of all pleas and waivers. There were 14 full-time and one part-time Court Reporters.

JURY COMMISSIONER'S OFFICE

It is the duty of the Jury Commissioner's Office to summon, orient and assign prospective trial jurors to courtrooms when needed. The Jury Commission tracks *voir dire* results and trial verdicts, and collects demographic data to ensure the jury venire is a true sampling of Franklin County's qualified population. Jury service is limited to two weeks, except in those cases in which additional days are required to reach a verdict. In certain instances, jurors will serve for one week only. Several different reporting times are offered to accommodate parking issues and work schedules. The number of jurors summoned in 2011 was 4,021. Jurors are paid \$20 per day for each day they are in attendance.

LEGAL RESEARCH

The Court employs a Legal Research Supervisor who provides legal research, supervises the work of part-time law clerks, and serves as a part-time magistrate. The Supervisor and law clerks research and prepare memoranda on issues pending before the Court, maintain research and reference materials, review new case law to ensure the Court's compliance with the decisions, review pending legislation that may affect the Court, and advise the judges and employees regarding new legal developments and applications of current law to court procedures.

DEPARTMENT OF PROBATION SERVICES

The Department of Probation Services promotes public safety by accountable rehabilitation. Currently 46 badged officers are assigned to eight different work units and 20 additional staff cover four essential rehabilitation related programs. Support and administrative staff coordinate and document the many processes involved.

General Supervision Unit officers enforce all court-ordered conditions of probation, which may include obtaining assessments and needed treatment for addiction and/or mental health problems; payment of fines, fees and court costs; serving time in the work release program, electronically monitored house arrest, driver intervention program, or county jail; attendance by drunk drivers at Victim Impact Panel presentations; drug or alcohol testing; performance of community service work; payment of restitution; completion of anger management counseling; and compliance with a wide variety of other court orders. **Domestic Violence** officers specialize in domestic partner abuse cases, require that substance abuse and/or mental health matters be addressed, and attend a minimum of 40 weeks of successful domestic violence counseling. Two additional staff work exclusively with victims of crime while offender compliance is monitored. The **Alcohol and Drug Addiction Program (ADAP)** officer supervises this court's Specialty Docket of drug offenders. The **Mental Health** officers direct those who participate in the Court's Mental Health Docket to comply with counseling, prescribed medication, and with the law. The Changing Actions to Change Habits (**CATCH**) **Specialty Docket** officer works extensively with repeat solicitation offenders. Repetitive drunk driving cases receive intensive supervision from the State-funded **Multiple Offender Program** officers. Two specially trained officers supervise caseloads of sex offenders and those who victimize children. The **Electronically Monitored Home Incarceration** program officers continuously kept track of the exact location of 179 offenders as they served 8,922 days on community supervision. The State and City funded **Work Release** program required 108 offenders to serve a total of what would have been 4,241 jail days, requiring payment of 25% of their earnings.

Slightly over 80% of those so sentenced successfully completed their term, thereby saving approximately \$72,000 in taxpayer expense and their own jobs in the bargain. During 2011 the Department supervised 11,667 total cases, including 7,208 new probation placements. The **Community Service** officers arranged completion of 38,243 hours of labor out of 50,444 ordered. \$266,779 in **restitution** was ordered in 497 cases last year, and \$217,359 was collected and disbursed, with 341 successful case closures. 7,320 **Supervised Provided No Conviction** cases were monitored for compliance, including 2,921 new cases. In addition, the **Pre-Sentence Investigation** officers researched and prepared 3,104 sentencing and expungement reports. At year's end 17,846 cases remained assigned to the Probation Department.

Funding has been secured to provide indigent probationers with alcohol monitoring devices; camera mounted ignition interlocks to prevent drunk driving; assessment and counseling for addiction, mental illness, positive parenting, and domestic violence. Probationers paid a record \$312,774 in probation user fees, holding down costs to taxpayers. Probation staff participated in the Court wide **Safe Surrender** program, which reduced the number of active warrants by over 2,400.

SERVICE BAILIFFS

Service bailiffs assist litigants, attorneys, and the Court by delivering court documents to parties and enforcing both pre-judgment and post-judgment remedies. Responsibilities include service of complaints, summonses, criminal and civil subpoenas, garnishments, juror letters, and revocation hearing notices. Writs of replevin are enforced through seizure of property to be returned to the rightful owner, and writs of execution through levy and sale of personal property for the purpose of satisfying a judgment. Additionally, service bailiffs supervise the set-out of tenants' property during an eviction.

The Service Bailiffs' Department processed or served in excess of 49,700 legal documents in 2011 and supervised over 1,700 set-outs. The Department currently employs 17 full-time individuals: a Chief Service Bailiff, two Deputy Chief Service Bailiffs, 13 Service Bailiffs, and a Secretary/Receptionist.

SMALL CLAIMS DIVISION AND DISPUTE RESOLUTION DEPARTMENT

The **Small Claims Division** helps people and businesses file complaints for money damages up to \$3,000. Small Claims Court is less formal than the General Division of the Court. Small Claims Court may also resolve cases more quickly. Usually, an attorney is not required in small claims cases.

The Small Claims Division has all of the required forms, information, brochures and booklets about how to proceed in every phase of a small claims case. Forms and information are also available on the Court's web page: www.fmcclerk.com. In addition, the Small Claims Division helps people who have won their cases take steps to collect their judgments.

The Division has five full-time employees. They provide support for the magistrates who hear small claims cases. The staff initiates, assigns, and schedules each case for trial. The Division processed more than 6,300 new small claims cases in 2011. The Small Claims Division Staff set new trial dates or re-issued service in more than 5,000 cases. The Small Claims Division also supports the Court's Dispute Resolution Department.

The **Dispute Resolution Department** (Department) offers a no-cost opportunity to resolve disputes without a trial. Parties may request mediation before filing a claim, to collect an outstanding unpaid check or account (**Check and Account Resolution Service**) or parties may be referred to this program by the **Rent Escrow** Department in the Clerk of Court's office. In 2011, there were twenty-five evening sessions. The Department scheduled 826 mediations and held 225 mediations. During mediation, 130 cases (57.8%) reached a formal resolution. Parties resolved 106 cases (13%) before the mediation date. The mediators for this program are volunteers from the community at large, Nationwide Insurance Company, Capital University Law School and the Moritz College of Law at The Ohio State University. Each mediator is specially trained to mediate in this program. Volunteer mediators contributed more than 500 hours to this program in 2011.

Volunteer mediators also serve the **Eviction Docket**. Mediators are available three days per week. These volunteers contributed more than 300 hours of service to the Court.

Mediators from both law schools mediate on the day of trial in Small Claims Court. These mediators provided more than 750 hours of service to the court in 2011.

Judges and Magistrates referred 1,250 filed cases to mediation. This is a 66% increase over 2010. As of December 31, 2011, 931 cases were closed without a trial; 291 of these were resolved during mediation and 319 settled prior to the mediation date. Of the remaining cases referred to mediation, 30 cases were closed after a trial was held, 3 cases are still open after a trial has been held, and 287 cases disposition are not yet reported.

In November 2008, the Court agreed to provide mediation services for foreclosure cases filed in the Franklin County Court of Common Pleas. The Franklin County Foreclosure Mediation Project (FCFMP) provides mediation services that bring borrowers and lenders together to discuss resolution of these cases. In 2011, FCFMP accepted referrals for mediation in over 1,500 cases.

The goals of the Small Claims Division and Dispute Resolution Department are to provide excellent customer service, support the Magistrates and Judges of the Court, and expand dispute resolution services in 2012.

SPECIALTY DOCKETS

The CATCH docket (Changing Actions to Change Habits) is focused on establishing a process that restores women trapped in street prostitution to lawful, productive citizenship. It is a voluntary two-year program offering outreach, connection, advocacy, and counseling to women with multiple solicitation charges who desire to end their lifestyle of addiction and street life. By uniting women with a diverse and dedicated team as well as to other participants for the treatment of specific issues related to this crime, CATCH helps them change actions to change habits that have long bound them to a dangerous and deadly way of life. The program benefits not only the women who participate, but also the local community through cost savings, reverse of neighborhood decline, and the development of citizens who are able to contribute in a positive way to society. In 2011, 70 women were referred to CATCH, of which 42 were accepted into the program. In 2011, the costs savings for CATCH is calculated at \$200,825 in probable jail costs alone.

In 2009, the Court and the Franklin County Prosecutor's office entered an agreement to provide expedited court arraignments and prosecution of low-level drug offenders. In many cases, a defendant charged in Common Pleas Court with a fourth or fifth degree felony ended up entering a plea to a misdemeanor offense. Under this program, a defendant charged with a fourth or fifth degree felony may be referred to the ADAP (Alcohol and Drug Addiction Program) 101 program if both the prosecutor and defendant agree. This reduces the time and money spent processing these cases in Common Pleas Court. In 2011, there were 282 defendants referred to ADAP 101, and 268 successfully completed the Program. The Court estimates that those 268 clients spent an average of 3.3 nights in jail, instead of an average of 16.6 nights in jail without the Program, for a savings to the taxpayers of \$281,588.

The ADAP Long-Term Docket Program is a two-year specialty docket that allows defendants to be connected to long-term treatment, with intensive monitoring and support services offered through the ADAP staff and the presiding judge. The Court calculates that the ADAP Long Term Program resulted in a savings in jail costs alone of \$217,325. The average number of summonses per client prior to ADAP Long Term was 3.3 per year. That figure for program participants was substantially reduced, resulting in estimated additional savings of \$47,520 in 2011.

The Mental Health Program Docket, established in 2004, continued to achieve remarkable success in not only saving lives but in saving taxpayers' money. In 2011, the MHPD resulted in a \$367,787 total costs savings in jail nights. The Program provides a mechanism to promote effective treatment as an alternative to incarceration for a person whose symptoms of mental illness, history of treatment non-compliance, and/or refusal to accept treatment results in a recurring pattern of misdemeanor offenses. The Program provides a comprehensive, coordinated approach to the misdemeanor cases of selected defendants with severe mental illness and/or co-occurring disorders in order to decrease criminal recidivism, improve public safety, and improve the defendant's quality of life. Limited court involvement in treatment planning and compliance is required, which results in more effective utilization of other court resources. Literally hundreds of thousands of dollars have been saved by this program in reduced jail costs and in breaking the cycle of arrest-release-arrest that plagues some of our most vulnerable citizens, those with treatable mental health issues. The Mental Health Program Docket is a voluntary 18-24 month long program consisting of four phases.

Cost Savings and Efficiency Initiatives

The Franklin County Municipal Court continually strives to improve its programs and operating procedures in increase efficiency and save valuable dollars. Over the last several years, the following have been undertaken in pursuit of those objectives.

Assignment Office

- Bar code scanners for labels and court sheets. The Office added bar coding to the judges’ court sheets and installed bar code readers to read the case number on case files. These resulted in increased accuracy and speed when assigning cases, and reduced the number of errors when scheduling new cases and adding and updating case information. The bar coding on the court sheets allows us to quickly scan in the case number on a very busy worksheet and quickly check on case dispositions, and schedule cases in which we did not have the case file.
- Public defender, suburban prosecutor, and law firm notices and pick up. Modified the mailing address of the public defenders, a number of suburban prosecutors, and the firm of Weltman, Weinberg, and Reis to allow quick determination and recognition when sorting notices. These notices are pulled out and placed in trays for these users to pick up on a daily basis, increasing efficiency and saving sorting time and postage costs.
- Time Clock. Instituted the use of the TIME CLOCK program, which allows employees to log in their computer each day and tracks the number of hours each employee works. This replaced a very time-consuming manual paper system. It is more accurate and saves the employee and supervisors time in preparing attendance and payroll. T program is also used to request, approve, and monitor time off. In

addition, it reduces the supervisor's time in trying to verify when employees report to work, go to lunch, return from lunch, and leave for the day.

- Printers. The assignment office has a number of aging printers used for printing civil notices. As these machines have become inoperable, Assignment has utilized our other high volume printers in the office to handle this job instead of purchasing new printers. We are doing more with less.
- Cross training Assignment Clerk to perform Case Coordinator functions. Assignment has cross trained some of their assignment clerks to perform case coordinator functions. As a result, the assignment office has been able to utilize a staff member to fill in for case coordinators who are on extended leave without having to hire additional personnel.
- Hand notices out of the court rooms. The Assignment Office has worked with the court room bailiffs to create a system in which the defendant, defense attorney, and prosecutor are provided a notice of the next court appearance from the bailiff out of the court room instead of having these notices printed and sent to the City Mail room for folding, gluing and postage. This has resulted in increased efficiency in providing notice of future court events to the parties involved in these cases, and reduced processing and postage costs.

Jury Commissioner's Office

- We print our official letterhead and envelopes on our own printers instead of purchasing print-quality stationery.
- Several years ago we lowered the total summons mailed and the number of days jurors were required to be in attendance, thereby reducing the per diem allocation by \$39,000.00. This action had the same cost savings effect on postage, juror badges, stationery, and envelopes.
- We order some standard items to cover two years of inventory (instead of one) so we can purchase needed items prior to cost increases.
- The jury program is a "mixed" program, which means that a percentage of the jurors can report at 1:30 instead of 10:30 which is the start of the morning court session. Jurors will report earlier to cover special jury requests and earlier jury trials if needed but only the amount needed to start the trial. This helps all sectors of private business as well as government to save due to the fact they do not have to cover their employee's absence for a full day.
- We clean and reuse juror badge covers.

Department of Probation Services

- Instead of using an employee almost full time to shred documents, we obtained a contract with Shred-it at the rate of \$9.00 per shred barrel. We now spend only about \$25 per week to keep all our confidential documents shredded. In addition we have allowed other Court Departments to make use of our barrels, including Service Bailiffs and the Jury Commission. Estimated savings on shredding costs over two years are \$70,000.
- The purging project was undertaken because the Department had run out of space for dead files in the main storage area. According to the building engineer, the system was overloaded and was causing flooring to bend excessively. Staff sorted through the files, removing over 20,000 pounds of paper from the overloaded system. All the files have been rearranged and are much more retrievable. The cost of additional storage would have been prohibitive since no extra space was available within the building, and off-site storage would have been costly and inefficient also.
- By revising the Probation User Fee structure, additional funding has been obtained to cover expenses which would have accrued to the General Fund. New equipment, staff salary and fringe benefits, ongoing staff training, staff mileage, and rehabilitation programs for indigent offenders are being covered out of User Fee funding. Estimated savings to taxpayers are accruing at the rate of over \$200,000 annually and may well grow.

- The reinstated Work Release program is saving approximately \$70,000 annually for taxpayers by avoiding jail costs of \$79 per day and paying Alvis House only \$62 per day. The additional savings of keeping people employed is incalculable but real.

Magistrates Department

- Presence of Public Defenders in the traffic arraignment courtroom. In January 2010, The Franklin County Public Defender's office initiated putting public defenders back in the traffic arraignment courtrooms after an absence of many years. This has reduced the number of traffic cases being individually assigned to the judges. With Court Administration's assistance we obtained an additional LEADS terminal behind Courtroom 1B so that the prosecutors and public defenders can address cases more quickly. This has helped the traffic docket run more efficiently and the public is served more quickly because there is not as much of a wait time for LEADS information. Savings is related to taking the time to resolve cases in the arraignment courts instead of referring them through a not-guilty plea to the judges assigned dockets and the attendant costs associated with that, such as subpoena time for officers for pre-trials or trials.
- Traffic Court Sentencing Entries. The traffic sentencing entries were revised to allow the judges and magistrates to make certain entries, in their discretion, that would eliminate the need for the Clerk's office to present the file to the sentencing judge again when a case is to be referred to a collection agency only (no warrant) when the defendant fails to pay fine and court costs. The savings here is related to saving the time of clerks and judges because they do not have to get the files to judges for supplemental orders.
- Courtroom 11A morning dockets. In 2011, we changed the magistrates' morning schedule to require that a second magistrate handle a docket in Courtroom 11B. Previously, the magistrate presiding in Courtroom 11A would determine whether additional assistance from another magistrate was necessary. This new schedule helps us move through this increasingly large morning docket, composed primarily of eviction and post judgment collection cases, so the public is better served.

Legal Research Department

- Online Legal Research. The Court changed its online research contract from Westlaw to LexisNexis in January 2011. A new three-year contract with Westlaw would have cost approximately \$85,250. The new three-year contract with LexisNexis cost a total of \$40,643, saving almost \$45,000.

Interpreter Services

- The Interpreter Program has been totally revamped and updated to reduce unit costs, allow for increased accuracy in billing, utilize electronic communications and publish scheduling to allow more use of interpreters, minimize continuances due to unavailability of an interpreter, and provide greater ability to collect information on past interpreter needs to increase planning for the future.
- A formal bid process was undertaken for both foreign language and American Sign Language interpreters. Contracts were entered into with three foreign language agencies and three ASL agencies. This reduced the cost per hour of service from \$50 to approximately \$28. The prioritization of the use of the three foreign language agencies from lowest to highest cost, in that order, has also reduced our overall costs for interpreter services. Also, a billing system was created that requires all agencies to submit invoices with all Interpreter Verification forms attached to allow us to more accurately reconcile their bill with requested assignments.
- A form was created for bailiffs and others to request the services of an interpreter via e-mail. This allows them to submit requests right from their desktops and from the courtroom. It also allows the coordinator to relay the request to our contract agencies faster and keep better records of assignments.
- The coordinator created a weekly schedule for interpreters that is e-mailed to all users and posted on the Intranet. It allows our two primary agencies to more accurately fill our requests, allows the coordinator to

check their work faster and find problems in their assignments, and allows requestors to know that their requests have been filled.

Court-Appointed Counsel Program

- Logging in and date stamping of receipt of motions for payment to increase ability to answer inquiries from providers and the court which decreases reductions in payments for late submission and allows the coordinator to assist in finding lost bills.
- Found a quarter million dollars in the county's hands that we can use to pay for the Court-Appointed Counsel Program for the next four years without supplementation from the general fund.
- Increased the use of electronic communications to allow for decreased time in obtaining reconciliation of monthly Ohio Public Defender reports. Usually reconciled by the coordinator and received by the County budget office within one day instead of one week.
- Increased use of electronic storage of paid bills via spreadsheets to allow searching on one database to find payments when inquiries are made from attorneys or the Court. This increases the confidence of service providers (attorney) in our system of payment
- Decreased from one month to one-to-two weeks the time from bill submission to receipt of payment by attorneys.

Pay Copier System

- All public copiers were changed to pay for use in mid 2010. This has reduced the use of these copiers and the expense of paper and the expense of our maintenance contract which is based upon usage.

Copier Scanning

- The 10th & 16th Floor copiers have been made scanners as well. They can now scan documents and e-mail them or send them to a central folder. This allows Court employees to send documents more quickly and increases the use of electronic storage over paper storage thereby reducing paper costs.

Dispute Resolution Department

- As the number of judge and magistrate referrals to mediation increases, we have improved Courtview functions and the ways we communicate with the assignment offices and the judges' staff. Thus, we will process more than 1,200 referrals to mediation in 2012 compared with electronic means of reporting case status using the same staff as in 2010 when there were 798 referrals. Volunteers and work-study students assist with scheduling and follow-up in these cases. For the 2011-2012 academic year, we have five work-study students and three volunteers assisting with all of the mediation programs.
- Probably the greatest time and cost saving program is the Judge and Magistrate Referral Program. When judges refer cases to mediation soon after an answer is filed, the case can be resolved in mediation before it is set for pre-trial or court trial. Of 753 cases referred to mediation in 2010, only 5.2% (39 cases) resulted in trial. More than 60% of the cases resulted in dismissals or agreed judgment entries. These case dispositions require fewer scheduled court hearings, as well as reducing the time that judges and their staff spend processing the cases.
- We continue to work with both Capital University Law School and Moritz College of Law at The Ohio State University to coordinate mediation services for the pre-filing, small claims, and eviction mediation programs. About 22 students provide mediation services each semester. If each magistrate refers one case per week to mediation and the students mediate for 25 weeks (125 cases) that saves the court \$9,375 that we would have to pay contract mediators to mediate those cases at \$75 per case.

- In addition to mediation that Community Mediation Services provides for the eviction docket, Volunteer mediators from Nationwide Insurance Company have increased the number of days that they provide eviction case mediators from one to three days a week.
- Our pre-filing mediation program diverts over 500 cases per year from the small claims docket, and more than 70 rent escrow cases are resolved in mediation before a court hearing is required.

Service Bailiffs Department

- The department's logs, which were previously manually processed, are now organized in an Excel database. This has reduced the use of paper products as well as increased efficiency in providing information to our customers.
- Bailiwicks have been redesigned to equalize workloads, and service bailiffs have been assigned bailiwicks closest to their homes. This has played a part in reducing overall mileage in that the bailiffs no longer are required to drive unnecessary distances when serving papers in the evenings or on weekends.
